THE VISITATION RULES WILL RESULT IN IMMEDIATE**

SUSPENSION OF VISITING PRIVILEGES AND REMOVAL FROM THE PREMISES

FACTS:

Symptoms: Fevers or chills, cough, difficulty breathing, fatigue, muscle or body aches, headache, new loss of taste or smell, sore throat congestion or runny nose, nausea or vomiting, diarrhea

Older adults and those with underlying chronic medical conditions are at higher risk, according to CDC.

Definition of Visitors:

Essential Caregiver: An individual who provides health care services of assistance with activities of daily life to help maintain or improve the quality of care or quality of life of the resident. The care and service is included in the plan of care for the resident.

Compassionate Caregiver: An individual who comes for limited visits when a resident is experiencing trauma or end of life care. A Compassionate Caregiver is expected to follow all infection control policies, wear personal protective equipment and maintain social distancing.

General Visitor: Not designate as Essential Caregiver or Compassionate Caregiver
